

Working at Novartis Malaysia

Working at Novartis brings a wealth of opportunity.

Great people. Industry leading products. Innovation. High performance.

You'll experience a combination of all these at Novartis coupled with an attractive compensation package and great development opportunities. We strive to build a rewarding and fun environment that supports the creativity, collaboration and performance of our associates.

You could join our team who's shared mission is to discover new ways to improve and extend people's lives. Join our team now. And make the difference.

We want to attract, retain and motivate talented, diverse and performance-driven people.

If you are interested to join our Novartis family, contact us at
